I was elected as the head girl with the badge during schooling.

Participated in local events like a community blood drive on national youth service day.

Participated in state level badminton.

Internships

I did an internship in full stack web development using django, in 2022.

Project / Seminars

Received the Project Out Team Award in my bachelors for Smart Waste Management Using LoRa And Tensor Flow Deep Learning Model, in 2021-2022 and here is a brief description about the project. The project provides smart waste management using IOT based waste and indoor waste collection and monitoring. The system is implemented using two ultrasonic sensors controlled by an Arduino microcontroller.

Seminar on Network Security on Smart Cards organized by HOD in june 2022.
